# 2003 MLS Year End Residential Statistics

FOR IMMEDIATE RELEASE: February 16, 2004

CONTACT: Paul Lindsey, President, (520) 352-5201

Gary E. Doran, Chief Executive Officer, (520) 327-4218

The Tucson Association of REALTORS® Multiple Listing Service, Inc. reports adjusted year-end figures indicating a 10.3% increase in the number of residential home sales in 2003 (14,618 units) compared to 2002 (13,251 units). Total dollar volume rose 16.3% in 2003 (\$2,604,509,985) compared to 2002 (\$2,240,252,067). The Northwest area continues to lead the market in both properties listed and sold. Average sale price for All Residential property types increased by 5.4% from 2002 (\$169,063) to 2003 (\$178,171). Single Family homes average sale price increased 5.1% in 2003, with an average of \$190,496, compared with \$181,310 in 2002.

Average market time rose 2% in 2003 (54 days) compared to 2002 (53 days). Residential listings sold for an average of 97.6% of the listed price with 47.1% of all closed listings selling in the first 30 days on the market.

As you can see from the numbers above, 2003 was a record-breaking year for the Residential Housing Market in Tucson. We had 21,967 residential units listed in 2003 versus 21,369 in 2002, a 2.8% increase in listing activity.

The record year was driven by many positive factors in the real estate industry, one of which was the lowest sustained mortgage interest rate in 30 years, ranging in the 5-6% range for most of the year. This increased the affordability for first-time homebuyers, as well as move-up buyers. Another factor is the continued influx of early retirees seeking quality of life, golf and fun in the sun.

These factors, including technology that allows people to live in Tucson and conduct business throughout the world, have been the driving force in our vibrant real estate market.

Paul Lindsey  
2003 TAR/MLS President
